

EASILY CUSTOMIZABLE

MOISTURE WICKING EVA FOAM

STRETCH INTERLOCK JERSEY FABRIC

FEATURES / SPECS

With four adjustable sizing options, the Vedder HolsterPad is compatible with most IWB and AIWB holsters. Lightweight, flexible, and only 0.4 inches thick, the HolsterPad creates a padded layer of protection while adding minimal bulk to your carry setup.

All-Day Comfort

Crafted from ultra-soft, flexible foam, the HolsterPad provides a cushioned layer between your body and holster for maximum comfort, even over long periods.

SHOP NOW

Customizable

The HolsterPad can be trimmed to fit any holster, from micro-compact to full-size pistols. It is also available in right- and left-hand orientations, allowing you to personalize it to your needs.

Multiple Ways to Wear

The HolsterPad can be worn in multiple ways, depending on your style of carry. It can be cut to cover the entire back of your holster, or you can leave extra material to wrap around the muzzle end for added protection while carrying AIWB.

SHOP NOW

Moisture-Wicking

The HolsterPad is made with a durable, lightweight OleTex® EVA foam and wrapped in a soft interlock jersey fabric. This closed-cell foam repels water, sweat, and humidity while also being chemical, UV, bacteria, and fire-resistant.

SHOP NOW

Interlock Jersey Fabric

The HolsterPad is fitted with a protective 91% polyester, 9% spandex interlock jersey fabric that feels soft and comfortable against the skin, even for long periods.

SHOP NOW

Easy to Clean

Because of the OleTex® foam's nonabsorbent properties, the HolsterPad is easy to clean with a simple wipe of the fabric.
